Freshman Admission Guidelines

Our Promise – A Comprehensive Review

The admissions team at the University of Arizona realizes that personal excellence can and should be evaluated by more than just academic achievement. Through our Comprehensive Review process, we are expanding access to students who will bring unique life experiences and personal achievements to our campus community.

Admission and scholarship award decisions are driven by comprehensive review. Every application may be reviewed by up to two different reviewers before a final decision is made. This process allows us to consider more than a student’s academic profile. Factors such as class rank, strength of curriculum, performance in curriculum, grade point average in required core academic courses, and ACT and/or SAT test scores will be considered. Other factors may include leadership, service, work experience and extracurricular activities; personal characteristics, attributes, and talents; and the ability to benefit from and contribute to a diverse and challenging learning environment. We are interested in learning more about the student’s preparedness, motivation, and potential in the unique context of their experience. Applicants will have the opportunity to include a brief statement to share any discrepancies in their academic record or any additional information they would like to include. Through this process, we are making more comprehensive and individualized admission and scholarship decisions.

In recognition of the high level of academic aptitude and course work competency demonstrated by many Arizona students who seek admission to UA, we also offer Assured Admission. Students may earn admission to UA through the Assured Admission process if they are an Arizona resident, attend a regionally accredited high school, rank in the top 25 percent of their graduating class, and have no course work deficiencies as prescribed by the Arizona Board of Regents (see table on page 6).

Transfer Admission Requirements

You will be considered for transfer student admission if you meet the following criteria at the time of application:

• 24 or more transferable college semester credits post-high school
• 2.0 recalculated college/university GPA
• Fulfilled the course competencies by the Arizona Board of Regents

OR

• 12-23 transferable post-high school college semester credits completed or in progress
• 2.0 recalculated college/university GPA
• 2.5 cumulative high school GPA
• Fulfilled the course competencies by the Arizona Board of Regents

NOTE: Arizona Board of Regents Course Competencies are waived if you are 22 years of age or older in both situations.

Arizona residents will be admitted with one of the following:

• Successful completion of the Arizona General Education Curriculum, AGEC, and a minimum cumulative recalculated GPA of 2.0 (on a 4.0 scale).

OR

• An associates or higher degree from a regionally accredited institution of higher learning and a minimum cumulative recalculated GPA of 2.0 (on a 4.0 scale).

*Courses are considered completed transferable units if they are college level, non-remedial courses from an accredited college/university and you have earned a grade equivalent to C or better. Earned grades equivalent to a D and F are non-transferable courses but will be used in grade point calculation, including repeated courses.

Admission decisions will be released the semester before you intend to enroll once your application is complete. For example, if you apply for fall 2015, a decision will be made in spring 2015.
This application packet is for freshman and transfer applicants to the University of Arizona who are U.S. citizens or permanent residents. If you are applying for readmission to UA, or as a non-degree-seeking student, or as an international student, this is not the correct application for you. General instructions

• Read the application instructions and information carefully.
• Apply early. We start reviewing an application as soon as we receive all required materials. The earlier you submit your complete application, the earlier you will receive a decision. Applications cannot be reviewed until they are complete.
• Submit the application processing fee: $50 for Arizona residents or $75 for non-Arizona residents. This fee is nonrefundable and nontransferable. Applications are valid for one term only. Fee payment options include check, money order, credit card, or eligible fee waiver. If you plan to pay the application fee by credit card, it is best to apply online. Meet with your counselor if you believe you qualify for an application fee waiver.
• If you choose to apply using a paper application, submit the application and additional required materials. Remember to sign your application and keep a copy of all documents for your records. Be sure to complete the entire application, if you leave any information blank it will delay the processing of your application.

Questions you might ask
1. Will I be considered for admission? Yes. We review every complete application, provided all required documents/materials are submitted by the appropriate deadline. Please visit admissions.arizona.edu/apply or call 520.621.3337 for more details.
2. What are the different ways I can apply? As an undergraduate degree-seeking applicant, there are two ways you can apply for admission. The preferred method for you to apply is online by visiting arizona.edu/future-students. (The main advantages of applying online include immediate submission, electronic acknowledgement, and the potential for faster processing.) You may also choose to download the application, print out the appropriate PDF version, complete and submit that form of application.
3. Can I submit my high school transcript(s) before I apply? We recommend that you apply first and wait 3 days before requesting transcripts to be sent. If we receive your transcripts before your application, it will delay the processing of your application.
4. Why do you ask for my Social Security number? We use your Social Security number to confirm and match documents associated with your application. You also must provide your Social Security number in order to be considered for financial aid grants, loans and/or on-campus employment.
5. I am a freshman applicant. What are the main factors you will consider in the comprehensive review of my application file? We consider the academic and non-academic elements of your application. In the area of academic profile, we look at the strength of your curriculum, your performance in the curriculum, and your academic aptitude or achievement as demonstrated by scores on standardized tests. In the non-academic aspects of your application, we look at your activities summary and your unique life experiences, attributes, achievements and talents and additional information shared in your responses.
6. If my high school does not rank, can I still be considered for admission? Absolutely. We consider much more than the traditional measures of past projected performance and promise. The absence of class rank will not be a disadvantage to a prepared and motivated student.
7. Do I need to have a certain test score in order to be considered for admission? No, there is no minimum required test score. If you do not provide test scores, you may be asked to submit test scores to the review committee for a more comprehensive and complete review of your application for admission. Test scores are important factors in comprehensive scholarship review. Also, some colleges or majors may require test scores in order to consider applicants for admission to their specific program of study. Essay portions of the ACT and SAT are not required for admission consideration.
8. How many college units do I need to have completed in order to be considered a transfer applicant? In order to be considered for admission as a transfer applicant, you must have completed a minimum of 12 transferable college semester credits/units by the time you apply and be a high school graduate (or equivalent). For more details see Transfer Admission Requirements on page 2.
9. Can I submit additional materials such as letters of recommendation? Any non-required materials will not be considered or retained. Therefore, we recommend that you do not submit any additional materials other than what is requested on the application.
10. What are the average academic profiles of last year’s entering freshman and transfer classes? The freshman entering the UA in the fall of 2014 and enrolling full-time had an unweighted mean GPA of 3.37, a mean combined SAT critical reading and math: 1113, and a mean ACT composite of 24.5. The average unweighted GPA for new transfers from two- and four-year institutions is 3.14.
11. What if I have a question about which application processing fee I should pay, the Arizona resident or non-Arizona resident amount? If you are not certain about which application processing fee to pay, the $50 or the $75, we encourage you to call the UA Residency Classification Office at 520.621.3636. You may also visit their Web site at www.registrar.arizona.edu/residency/residenc.htm. (Remember, if you will be submitting an eligible application processing fee waiver, you will not need to determine which fee we will waive.)
12. When will I be notified about my admission decision?
Once we have your complete application, including all required additional materials, it usually takes 2-4 weeks for application processing and review to be completed and for your notification to be sent. See the checklist in this application for a description of a complete application.

13. How can I contact the Office of Admissions?
You can reach us by telephone, e-mail, facsimile, or mail. You may also visit us online at admissions.arizona.edu.
