Arizona Transfer Admissions Pathway
Bachelor of Science—Materials Sciences and Engineering
Pima Community College
2013-2014

To qualify for the Materials Sciences and Engineering Transfer Admissions Pathway, a Pima Community College must:

☐ Submit an undergraduate application for admission form to University of Arizona Admissions Office during the university’s application filing period at least one semester in advance of transfer. Indicate your first and second major choices on the application. No Major Selected is not an option for admission into the College of Engineering degree programs.

☐ Meet the Admission Requirements for the College of Engineering:
  ◦ 2.5 or higher transferrable GPA (GPA is determined by UA Office of Admissions)
  ◦ Transferrable Calculus I credit (If Calculus I, II or III is C, higher grades are required in additional math, science and engineering transfer coursework)

☐ Satisfy a department writing requirement if that student did not earn a grade of “B” or better in 1st and 2nd semester English Composition

☐ Check the current UA Schedule of Classes to confirm course availability and class prerequisites because the Materials Sciences and Engineering core courses may have prerequisite requirements and may not be offered in both Fall and Spring semesters at the University.
